

Instructions on how to burn an image from www.botfrei.de

Pic. 1

1.) Start the program with a **double click** on the desktop icon **CDBurnerXP**“ (Pic.1).

Pic. 2

2.) Mark as shown in Pic. 2 on „**ISO Image brennen**“. (Burn ISO image)

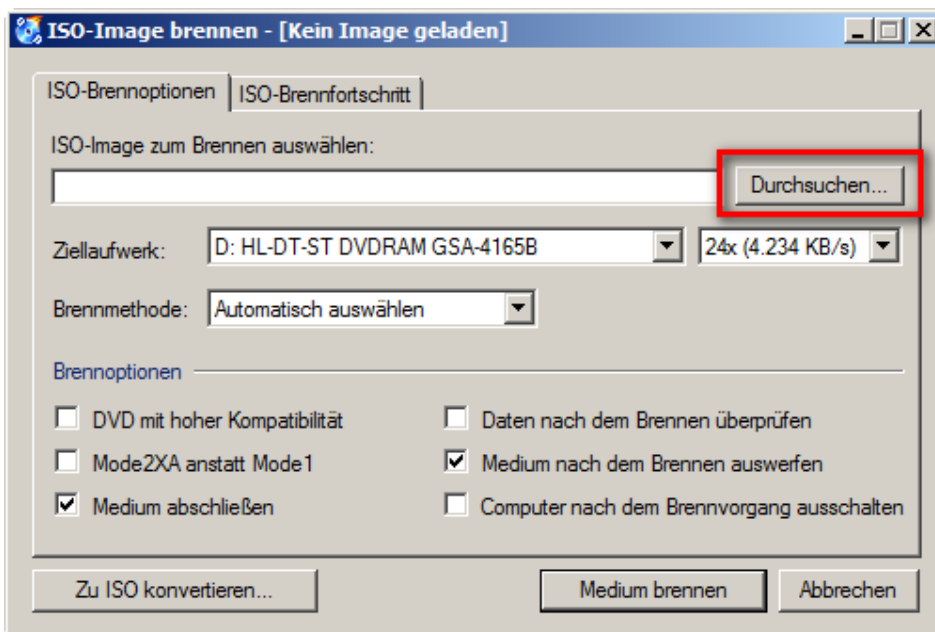

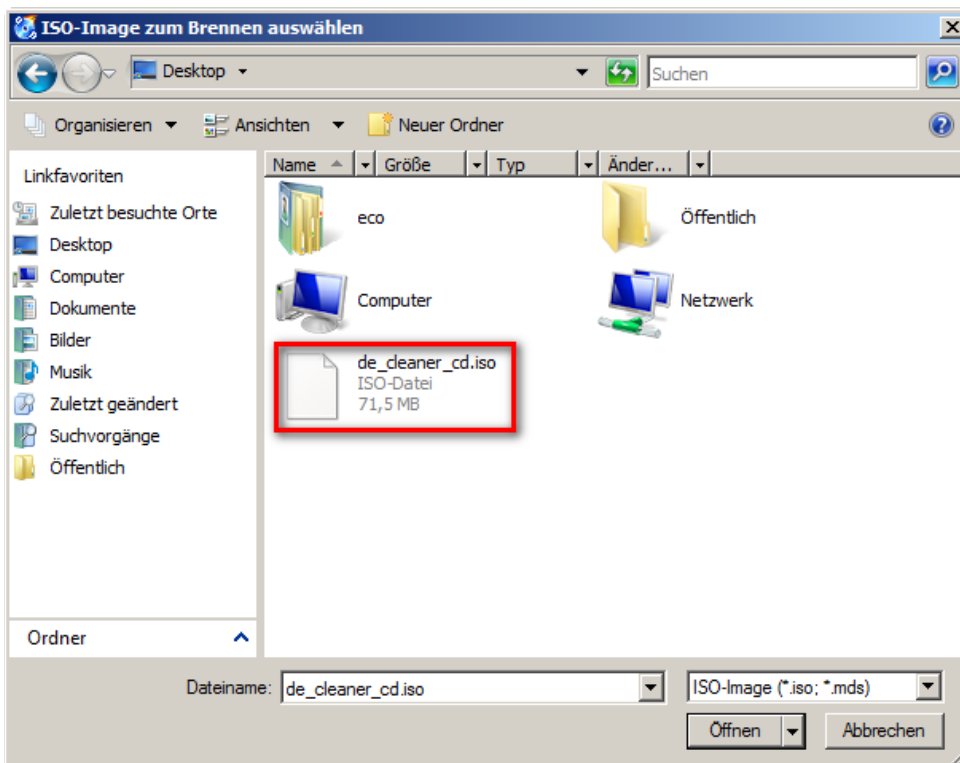

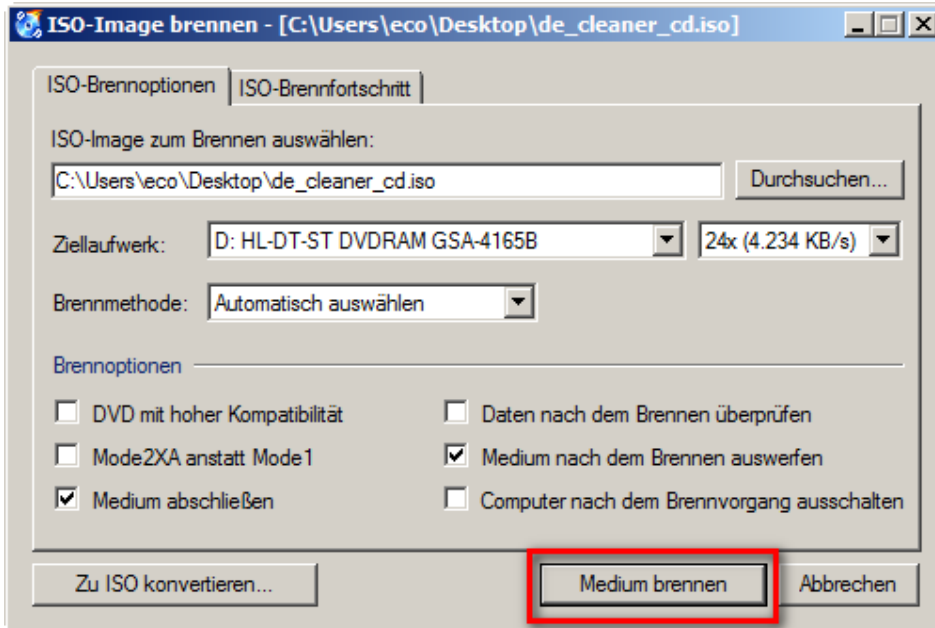

Abb. 3

3.) Click on „Durchsuchen“ (Browse) to select the file (Pic. 3).

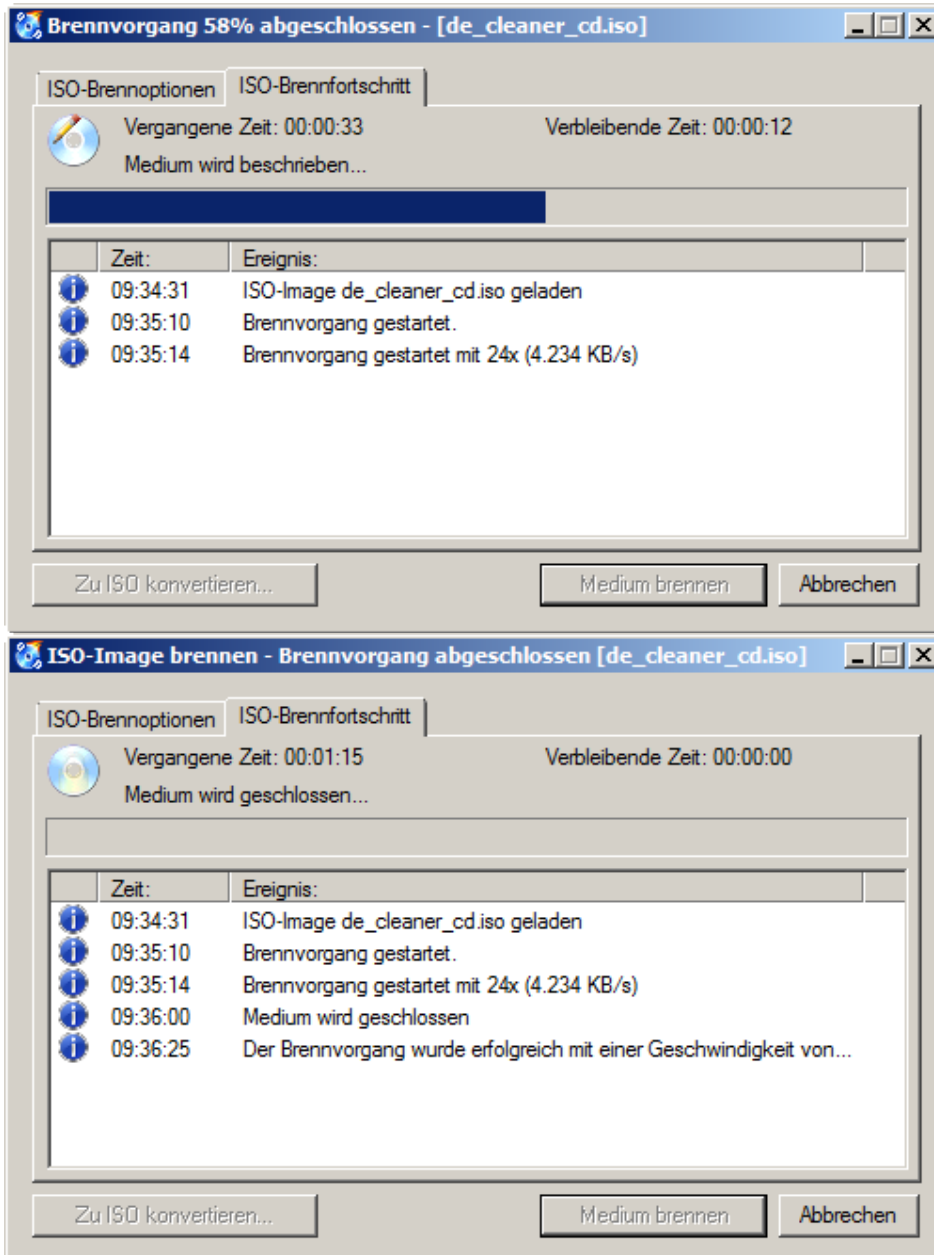

Pic. 4

4.) As shown in **Pic.4** select the „de_cleaner_cd.iso“ file and then click on „Öffnen“ (open)

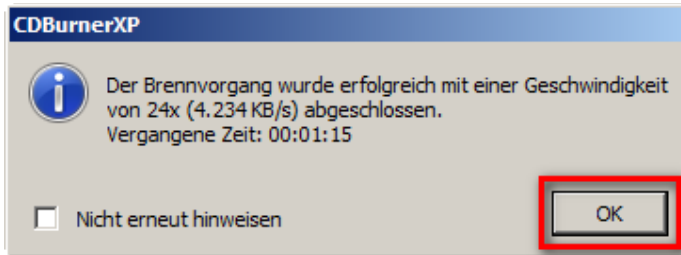

Pic. 5

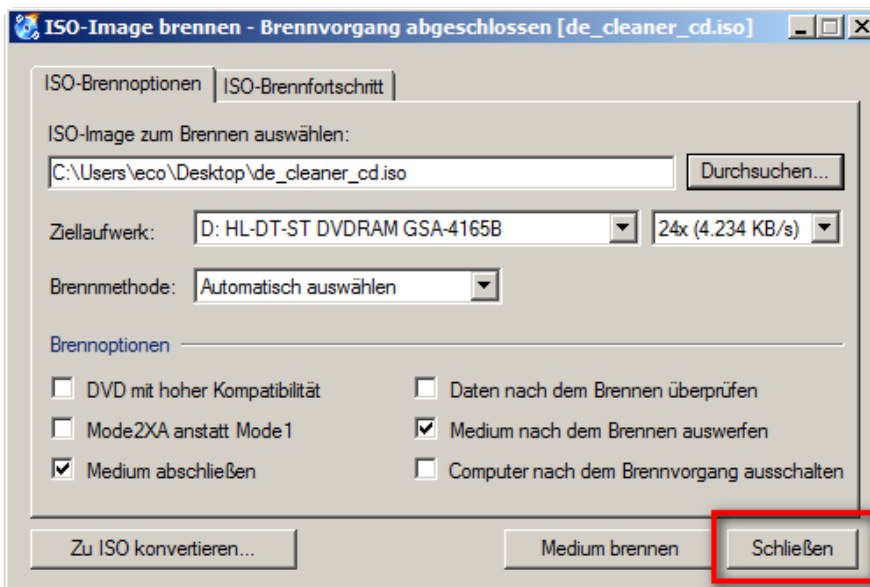

5.) Insert a blank CD in your CD burner and start the burn process with a click on „**Medium brennen**“ (Burn Disc)

Pic. 6
6.) After a while the burn process will finish.

Pic. 7
7.) When the burn process is completed, click on „OK“.

Pic. 8
8.) You can exit the process by selecting „**Schließen**“ (Cancel) (Pic.8). The program returns back its start screen.

Pic. 9

9.) If you do not want to continue with burning new images, then exit the program with „**Beenden**“(Exit)

10) When the burn process has finished the CD is usually thrown out of its CD drive.

11) You can now restart your PC with the CD .
